**OFFERED BY MR. HARPER**

**[Amendment #25]**

**[Reform medical liability reform]**

This amendment would amend the health care reserve fund to require the inclusion of medical liability reform to restrain rising health care costs. Were the policy adopted, it would save \$2 billion over 5 years and \$4.6 billion over 10 years, as estimated by CBO.

Amend the Chairman's Mark:

At the end of section 301, add the the following sentence: "The Chairman of the Committee on the Budget of the House of Representatives shall not adjust the aggregates, allocations, or other levels in this resolution as authorized by this section if the health care measure referred to in this section does not include a provision for medical liability reform."
